The following Management's Discussion and Analysis ("MD&A") for Loblaw Companies Limited and its subsidiaries (collectively, the "Company" or "Loblaw") should be read in conjunction with the Company's first quarter 2024 unaudited interim period condensed consolidated financial statements and the accompanying notes ("interim financial statements") included within the Quarterly Report, the audited annual consolidated financial statements and the accompanying notes for the year ended December 30, 2023 and the related MD&A included in the Company's 2023 Annual Report.

The Company's first quarter 2024 interim financial statements have been prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting", as issued by the International Accounting Standards Board ("IFRS Accounting Standards" or "GAAP"). These interim financial statements include the accounts of the Company and other entities that the Company controls and are reported in Canadian dollars, except when otherwise noted.

Management uses non-GAAP and other financial measures to exclude the impact of certain expenses and income that must be recognized under GAAP when analyzing consolidated and segment underlying operating performance, as the excluded items are not necessarily reflective of the Company's underlying operating performance and make comparisons of underlying financial performance between periods difficult. The Company adjusts for these items if it believes doing so would result in a more effective analysis of underlying operating performance. The exclusion of certain items does not imply that they are non-recurring. See Section 13 "Non-GAAP and Other Financial Measures" for more information on the Company's non-GAAP and other financial measures.

A glossary of terms used throughout this Quarterly Report can be found at the back of the Company's 2023 Annual Report.

Terms denoted with numerical references throughout the MD&A of this Quarterly Report are defined in the MD&A Endnotes section.

The information in this MD&A is current to April 30, 2024, unless otherwise noted.

1. Forward-Looking Statements

The 2024 Quarterly Report, including the MD&A, contains forward-looking statements about the Company's objectives, plans, goals, aspirations, strategies, financial condition, results of operations, cash flows, performance, prospects, opportunities and legal and regulatory matters. Specific forward-looking statements in this Quarterly Report include, but are not limited to, statements with respect to the Company's anticipated future results, events and plans, strategic initiatives and restructuring, regulatory changes including further healthcare reform, future liquidity, planned capital investments, and the status and impact of information technology ("IT") systems implementations. These specific forward-looking statements are contained throughout this Quarterly Report including, without limitation, Section 5 "Liquidity and Capital Resources", Section 11 "Future Accounting Standards", Section 12 "Outlook" and Section 13 "Non-GAAP and Other Financial Measures". Forward-looking statements are typically identified by words such as "expect", "anticipate", "believe", "foresee", "could", "estimate", "goal", "intend", "plan", "seek", "strive", "will", "may", "should" and similar expressions, as they relate to the Company and its management.

Forward-looking statements reflect the Company's estimates, beliefs and assumptions, which are based on management's perception of historical trends, current conditions and expected future developments, as well as other factors it believes are appropriate in the circumstances. The Company's estimates, beliefs and assumptions are inherently subject to significant business, economic, competitive and other uncertainties and contingencies regarding future events and, as such, are subject to change. The Company can give no assurance that such estimates, beliefs and assumptions will prove to be correct.

Numerous risks and uncertainties could cause the Company's actual results to differ materially from those expressed, implied or projected in the forward-looking statements, including those described in the Company's MD&A in the 2023 Annual Report, and the Company's 2023 Annual Information Form ("AIF") for the year ended December 30, 2023. Such risks and uncertainties include:

- changes in economic conditions, including inflation, price increases from suppliers, levels of employment, costs of borrowing, household debt, political uncertainty and government regulation, the impact of natural disasters, war or acts of terrorism, pandemics, changes in interest rates, tax rates, or exchange rates, and access to consumer credit;
- inability of the Company's IT infrastructure to support the requirements of the Company's business, or the occurrence of any internal or external security breaches, denial of service attacks, viruses, worms and other known or unknown cybersecurity or data breaches;
- changes to any of the laws, rules, regulations or policies applicable to the Company's business;
- inability of the Company to manage inventory to minimize the impact of obsolete or excess inventory or control shrink;
- failure to realize benefits from investments in the Company's new IT systems and related processes;
- failure to execute the Company's e-commerce initiatives or to adapt its business model to shifts in the retail landscape caused by digital advances;
- failure to attract and retain colleagues may impact the Company's ability to effectively operate and achieve financial performance goals;
- changes to the regulation of generic prescription drug prices, the reduction of reimbursements under public drug benefit plans and the elimination or reduction of professional allowances paid by drug manufacturers;
- failure to maintain an effective supply chain and consequently an appropriate assortment of available product at the store and digital retail level;
- failure to achieve desired results in labour negotiations, including the terms of future collective bargaining agreements;
- public health events including those related to food and drug safety;
- errors made through medication dispensing or errors related to patient services or consultation;
- failure to realize the anticipated benefits associated with the Company's strategic priorities and major initiatives, including revenue growth, anticipated cost savings and operating efficiencies, or organizational changes that may impact the relationships with franchisees and Shoppers Drug Mart Licensees ("Associates");
- failure to adapt to environmental and social risks, including failure to execute against the Company's climate change and social equity initiatives;
- reliance on the performance and retention of third party service providers, including those associated with the Company's supply chain and apparel business and located in both advanced and developing markets;
- adverse outcomes of legal and regulatory proceedings and related matters; and
- failure to effectively respond to consumer trends or heightened competition, whether from current competitors or new entrants to the marketplace.

This is not an exhaustive list of the factors that may affect the Company's forward-looking statements. Other risks and uncertainties not presently known to the Company or that the Company presently believes are not material could also cause actual results or events to differ materially from those expressed in its forward-looking statements. Additional risks and uncertainties are discussed in the Company's materials filed with the Canadian securities regulatory authorities ("securities regulators") from time to time, including, without limitation, the section entitled "Risks" in the Company's 2023 AIF (for the year ended December 30, 2023). Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect the Company's expectations only as of the date of this MD&A. Except as required by law, the Company does not undertake to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Loblaw began 2024 with another quarter of strong operational and financial results. The focus on retail excellence continued across the Company's businesses driving sales growth, reductions in shrink, and earnings growth. The Company's market leading discount banners, private label brands, and personalized PC Optimum™ offers resonated with customers. This resulted in higher store traffic, strong market share gains in Food Retail, and revenue growth that stands out against lower internal inflation. An increase in Drug Retail sales reflected continued strength in front store beauty and cough and cold products. Canada's Consumer Price Index ("CPI") for Food Purchased From Stores in March was 1.9%, the lowest level recorded in more than two years and was below the headline CPI in the first quarter of 2024. The Company's internal food inflation remained below Canada's CPI for Food Purchased From Stores again this quarter.

The increase included an improvement in the underlying operating performance of \$32 million, and a favourable change in adjusting items totaling \$9 million as described below:

 - an improvement in the underlying operating performance in the Financial Services segment.
- the favourable change in adjusting items totaling \$9 million (\$0.01 per common share) was primarily due to the following:
 - the year-over-year favourable change in fair value adjustment on fuel and foreign currency contracts of \$8 million (\$0.02 per common share).
- diluted net earnings per common share also included the favourable impact from the repurchase of common shares over the last 12 months (\$0.07 per common share).

Cash Flows used in Financing Activities Cash flows used in financing activities in the first quarter of 2024 were \$863 million, a decrease of \$43 million when compared to the first quarter of 2023. The decrease in cash flows used in financing activities was primarily driven by issuance of \$400 million aggregate principal amount of senior unsecured notes bearing interest at 5.115% per annum with a maturity date of March 4, 2054, partially offset by higher issuance of short-term debt in the prior year and higher proceeds from financial liabilities in the prior year.

Free cash flow ⁽²⁾	\$ (359)	\$ 361	\$ —	\$ 2	\$ (81)	\$ 228	\$ —	\$ 147

(i) Interest paid is included in cash flows from operating activities under the Financial Services segment.

Free cash flow⁽²⁾ used in the Retail segment in the first quarter of 2024 was \$359 million, an increase of \$278 million when compared to the first quarter of 2023. The increase was primarily driven by an unfavourable year-over-year change in non-cash working capital and an unfavourable year-over-year change of income taxes paid, partially offset by higher cash earnings. Higher capital investments also impacted Retail segment free cash flow compared to the same period in 2023.

Free cash flow⁽²⁾ from the Financial Services segment in the first quarter of 2024 was \$361 million, an increase of \$133 million when compared to the first quarter of 2023, primarily due to higher payments from cardholders on credit card receivables.

5.2 Liquidity and Capital Structure

The Company expects that cash and cash equivalents, short term investments, future operating cash flows and the amounts available to be drawn against committed credit facilities will enable the Company to finance its capital investment program and fund its ongoing business requirements over the next 12 months, including working capital, pension plan funding requirements and financial obligations.

President's Choice Bank ("PC Bank") expects to obtain long term financing for its credit card portfolio through the issuance of *Eagle Credit Card Trust*[®] ("Eagle") notes and Guaranteed Investment Certificates ("GICs").

5.6 Off-Balance Sheet Arrangements

The Company uses off-balance sheet arrangements including letters of credit, guarantees and cash collateralization in connection with certain obligations. There were no significant changes to these off-balance sheet arrangements during the first quarter of 2024. For a discussion of the Company’s significant off-balance sheet arrangements see Section 7.7 “Off-Balance Sheet Arrangements” of the Company’s 2023 Annual Report.

6. Financial Derivative Instruments

The Company uses derivative instruments to offset certain of its financial risks. The Company uses bond forwards, interest rate swaps and foreign exchange forwards to mitigate the impact of increases in interest rates and manage its anticipated exposure to exchange rates on its underlying operations and anticipated fixed asset purchases. These derivative instruments are designated as cash flow hedges.

In the first quarter of 2024, PC Bank entered a bond forward agreement with notional value of \$275 million (2023 – \$135 million) to hedge its exposure to interest rate fluctuations against the future issuance of debt instruments. The Company assessed that these hedge agreements were effective as at the quarter-end and included the fluctuations relating to the bond forwards in other comprehensive income.

In 2023, the Company entered into a 20 year arrangement to hedge energy pricing on its purchases in Alberta beginning on January 1, 2025. The hedge has a notional value of \$223 million. As at March 23, 2024, a fair value loss of \$7 million was recorded in other comprehensive income related to the energy hedge. The fair value of the derivative is included in trade payables and other liabilities.

The Company also uses futures, options and forward contracts to manage its anticipated exposure to fluctuations in commodity prices and exchange rates on its underlying operations. These derivative instruments are not designated in a formal hedging relationship. For further details on the impact of these instruments during the first quarter of 2024 see Section 13 “Non-GAAP and Other Financial Measures” of the MD&A.

8. Internal Control over Financial Reporting

Management is responsible for establishing and maintaining a system of disclosure controls and procedures to provide reasonable assurance that all material information relating to the Company and its subsidiaries is gathered and reported to senior management on a timely basis so that appropriate decisions can be made regarding public disclosure.

Management is also responsible for establishing and maintaining adequate internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with IFRS Accounting Standards.

In designing such controls, it should be recognized that due to inherent limitations, any control, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives and may not prevent or detect misstatements. Additionally, management is required to use judgment in evaluating controls and procedures.

Changes in Internal Control over Financial Reporting There were no changes in the Company’s internal control over financial reporting in the first quarter of 2024 that materially affected, or are reasonably likely to materially affect the Company’s internal control over financial reporting.

9. Enterprise Risks and Risk Management

A detailed full set of risks inherent in the Company’s business are included in the Company’s AIF for the year ended December 30, 2023 and the Company’s MD&A in the Company’s 2023 Annual Report, which are hereby incorporated by reference. The Company’s 2023 Annual Report and AIF are available online on www.sedarplus.ca. Those risks and risk management strategies remain unchanged.

10. Related Party Transactions

Sale and Leaseback During the first quarter of 2024, the Company sold a property to Choice Properties Real Estate Investment Trust ("Choice Properties") for proceeds of \$38 million (2023 – \$12 million) and recognized a gain of \$14 million (2023 – \$3 million). The property was leased back by the Company.

Financial Liabilities During the first quarter of 2023, the Company disposed of two retail properties to Choice Properties. These properties were leased back by the Company and did not meet the criteria for sale in accordance with IFRS 15, "Revenue from Contracts with Customers" as the Company did not relinquish control of the properties under the terms of the leases (see note 9 "Real Estate Dispositions" of the Company's interim financial statements).

As at March 23, 2024, \$11 million (March 25, 2023 – \$9 million; December 30, 2023 – \$11 million) was recorded in trade payables and other liabilities and \$179 million (March 25, 2023 – \$151 million; December 30, 2023 – \$179 million) was recorded in other liabilities for all properties sold to date that did not meet the criteria for sale.

11. Future Accounting Standards

IFRS 18 - Presentation and Disclosure in Financial Statements ("IFRS 18"), has been issued to achieve comparability of the financial performance of similar entities. The standard, which replaces IAS 1, impacts the presentation of primary financial statements and notes, mainly the income statement where companies will be required to present separate categories of income and expense for operating, investing, and financing activities with prescribed subtotals for each new category. IFRS 18 will require management-defined performance measures to be explained and included in a separate note within the consolidated financial statements. The standard is effective for annual reporting periods beginning on or after January 1, 2027, including interim financial statements, and requires retrospective application. The Company is currently assessing the impact of the new standard.

12. Outlook⁽³⁾

Loblaw will continue to execute on retail excellence while advancing its growth initiatives with the goal of delivering consistent operational and financial results in 2024. The Company's businesses remain well positioned to meet the everyday needs of Canadians.

For the full-year 2024, the Company continues to expect:

- its Retail business to grow earnings faster than sales;
- adjusted net earnings per common share⁽²⁾ growth in the high single-digits;
- to continue investing in our store network and distribution centres by investing a net amount of \$1.8 billion in capital expenditures, which reflects gross capital investments of approximately \$2.2 billion, net of approximately \$400 million of proceeds from property disposals; and
- to return capital to shareholders by allocating a significant portion of free cash flow to share repurchases.

13. Non-GAAP and Other Financial Measures

The Company uses the following non-GAAP and other financial measures and ratios: Retail segment gross profit; Retail segment adjusted gross profit; Retail segment adjusted gross profit percentage; adjusted earnings before income taxes, net interest expense and other financing charges and depreciation and amortization (“adjusted EBITDA”); adjusted EBITDA margin; adjusted operating income; adjusted net interest expense and other financing charges; adjusted income taxes; adjusted effective tax rate; adjusted net earnings available to common shareholders; adjusted diluted net earnings per common share, free cash flow; retail debt to retail adjusted EBITDA; adjusted return on equity; adjusted return on capital; and same-store sales. The Company believes these non-GAAP and other financial measures and ratios provide useful information to both management and investors in measuring the financial performance and financial condition of the Company for the reasons outlined below.

Management uses these and other non-GAAP and other financial measures to exclude the impact of certain expenses and income that must be recognized under GAAP when analyzing underlying consolidated and segment operating performance, as the excluded items are not necessarily reflective of the Company’s underlying operating performance and make comparisons of underlying financial performance between periods difficult. The Company adjusts for these items if it believes doing so would result in a more effective analysis of underlying operating performance. The exclusion of certain items does not imply that they are non-recurring.

These measures do not have a standardized meaning prescribed by GAAP and therefore they may not be comparable to similarly titled measures presented by other publicly traded companies and should not be construed as an alternative to other financial measures determined in accordance with GAAP.

Retail Segment Gross Profit, Retail Segment Adjusted Gross Profit and Retail Segment Adjusted Gross Profit Percentage The following tables reconcile adjusted gross profit by segment to gross profit by segment, which is reconciled to revenue and cost of sales measures as reported in the consolidated statements of earnings for the periods ended as indicated. The Company believes that Retail segment gross profit and Retail segment adjusted gross profit are useful in assessing the Retail segment’s underlying operating performance and in making decisions regarding the ongoing operations of the business.

Retail segment adjusted gross profit percentage is calculated as Retail segment adjusted gross profit divided by Retail segment revenue.

Adjusted EBITDA margin is calculated as adjusted EBITDA divided by revenue.

In addition to the items described in the Retail segment adjusted gross profit section above, when applicable, adjusted EBITDA was impacted by the following:

Amortization of intangible assets acquired with Shoppers Drug Mart and Lifemark The acquisition of Shoppers Drug Mart in 2014 included approximately \$6,050 million of definite life intangible assets, which are being amortized over their estimated useful lives. Annual amortization associated with the acquired intangibles will be approximately \$500 million until 2024 and will decrease thereafter.

The acquisition of Lifemark in 2022 included approximately \$299 million of definite life intangible assets, which are being amortized over their estimated useful lives.

Loss on sale of non-operating properties In the first quarter of 2024, the Company did not record any gain or loss related to the sale of non-operating properties (2023 – loss of \$1 million).

Fair value adjustment on fuel and foreign currency contracts The Company is exposed to commodity price and U.S. dollar exchange rate fluctuations. In accordance with the Company's commodity risk management policy, the Company enters into exchange traded futures contracts and forward contracts to minimize cost volatility relating to fuel prices and the U.S. dollar exchange rate. These derivatives are not acquired for trading or speculative purposes. Pursuant to the Company's derivative instruments accounting policy, changes in the fair value of these instruments, which include realized and unrealized gains and losses, are recorded in operating income. Despite the impact of accounting for these commodity and foreign currency derivatives on the Company's reported results, the derivatives have the economic impact of largely mitigating the associated risks arising from price and exchange rate fluctuations in the underlying commodities and U.S. dollar commitments.

Adjusted Net Interest Expense and Other Financing Charges The following table reconciles adjusted net interest expense and other financing charges to net interest expense and other financing charges as reported in the consolidated statements of earnings for the periods ended as indicated. The Company believes that adjusted net interest expense and other financing charges is useful in assessing the Company's underlying financial performance and in making decisions regarding the financial operations of the business.

Retail Debt to Rolling Year Retail Adjusted EBITDA, Rolling year Adjusted Return on Equity and Rolling year Adjusted Return on Capital The Company uses the following metrics to measure its leverage and profitability. The definitions of these ratios are presented below.

- **Retail Debt to Rolling Year Retail Adjusted EBITDA** Retail segment total debt divided by Retail segment adjusted EBITDA for the last four quarters. Please refer to section "5.2 Liquidity and Capital Structure" of this MD&A.
- **Rolling year Adjusted Return on Equity** Adjusted net earnings available to common shareholders of the Company for the last four quarters divided by average total equity attributable to common shareholders of the Company. Please refer to section "5.3 Financial Condition" of this MD&A.
- **Rolling year Adjusted Return on Capital** Tax-effected adjusted operating income for the last four quarters divided by average capital where capital is defined as total debt, plus equity attributable to shareholders of the Company, less cash and cash equivalents, and short term investments. Please refer to section "5.3 Financial Condition" of this MD&A.

Same-Store Sales Same-store sales are retail segment sales for stores in operation in both comparable periods, including relocated, converted, expanded, contracted or renovated stores. The Company believes this metric is useful in assessing sales trends excluding the effect of the opening and closure of stores.

Its registered office is located at 22 St. Clair Avenue East, Toronto, Canada M4T 2S5. Loblaw Companies Limited and its subsidiaries are together referred to, in these unaudited interim period condensed consolidated financial statements, as the "Company" or "Loblaw".

The Company's controlling shareholder is George Weston Limited ("Weston"), which owns approximately 52.6% of the Company's outstanding common shares. The Company's ultimate parent is Wittington Investments, Limited. The remaining common shares are widely held.

The Company has two reportable operating segments: Retail and Financial Services (see note 16).

The Company's business is affected by seasonality and timing of holidays, relative to the Company's interim periods. Accordingly, quarterly performance is not necessarily indicative of annual performance. Historically, the Company has earned more revenue in the fourth quarter relative to the preceding quarters in the Company's fiscal year.

Note 2. Accounting Policies

The accounting policies and critical accounting estimates and judgments as disclosed in the Company's 2023 audited annual consolidated financial statements have been applied consistently in the preparation of these unaudited interim period condensed consolidated financial statements. These unaudited interim period condensed consolidated financial statements are presented in Canadian dollars.

Statement of Compliance These unaudited interim period condensed consolidated financial statements are prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting", as issued by the International Accounting Standards Board. These unaudited interim period condensed consolidated financial statements should be read in conjunction with the Company's 2023 audited annual consolidated financial statements and accompanying notes.

These unaudited interim period condensed consolidated financial statements were approved for issuance by the Company's Board of Directors ("Board") on April 30, 2024.

Note 3. Future Accounting Standards

IFRS 18 - Presentation and Disclosure in Financial Statements ("IFRS 18"), has been issued to achieve comparability of the financial performance of similar entities. The standard, which replaces IAS 1, impacts the presentation of primary financial statements and notes, mainly the income statement where companies will be required to present separate categories of income and expense for operating, investing, and financing activities with prescribed subtotals for each new category. IFRS 18 will require management-defined performance measures to be explained and included in a separate note within the consolidated financial statements. The standard is effective for annual reporting periods beginning on or after January 1, 2027, including interim financial statements, and requires retrospective application. The Company is currently assessing the impact of the new standard.

The associated liability of *Eagle* is recorded in long term debt (see note 10). The associated liabilities of credit card receivables securitized to the Other Independent Securitization Trusts are recorded in short term debt.

As at March 23, 2024, the Company had purchased 14,206,839 common shares for cancellation under its current NCIB. The Company is still permitted to purchase its common shares from Weston under its NCIB, pursuant to an automatic disposition plan agreement among the Company's broker, the Company and Weston, in order for Weston to maintain its proportionate ownership interest in the Company. The maximum number of common shares that may be purchased pursuant to the NCIB will be reduced by the number of common shares purchased from Weston.

During the first quarter of 2024, 3,213,853 common shares (2023 – 3,258,266) were purchased under the NCIB for cancellation, for aggregate consideration of \$470 million (2023 – \$383 million), including 1,237,193 common shares (2023 – 1,601,915) purchased from Weston, for aggregate consideration of \$182 million (2023 – \$188 million).

The Company also uses swaps, futures, options and forward contracts to manage its anticipated exposure to fluctuations in commodity prices and exchange rates in its underlying operations. The following is a summary of the fair values recognized in the unaudited interim period condensed consolidated balance sheets and the net realized and unrealized gains (losses) before income taxes related to the Company's other derivatives:

Note 14. Contingent Liabilities

In the ordinary course of business, the Company is involved in and potentially subject to, legal actions and proceedings. In addition, the Company is subject to tax audits from various tax authorities on an ongoing basis. As a result, from time to time, tax authorities may disagree with the positions and conclusions taken by the Company in its tax filings or legislation could be amended or interpretations of current legislation could change, any of which events could lead to reassessments.

There are a number of uncertainties involved in such matters, individually or in aggregate, and as such, there is a possibility that the ultimate resolution of these matters may result in a material adverse effect on the Company's reputation, operations, financial condition or performance in future periods. It is not currently possible to predict the outcome of the Company's legal actions and proceedings with certainty. Management regularly assesses its position on the adequacy of accruals or provisions related to such matters and will make any necessary adjustments.

The following is a description of the Company's significant legal proceedings:

Shoppers Drug Mart was previously served with an Amended Statement of Claim in a class action proceeding that has been filed in the Ontario Superior Court of Justice ("Superior Court") by licensed Associates ("Associates"), claiming various declarations and damages resulting from Shoppers Drug Mart's alleged breaches of the Associate Agreement. The class action comprises all of Shoppers Drug Mart's current and former licensed Associates residing in Canada, other than in Québec, who were parties to Shoppers Drug Mart's 2002 and 2010 forms of the Associate Agreement. On July 9, 2013, the Superior Court certified as a class proceeding portions of the action. A summary judgment trial of the matter was held in December 2022 and on February 17, 2023, the Superior Court released its decision in relation to those summary judgment motions (the "Decision"). The Superior Court dismissed the plaintiffs' claims on the majority of the issues including a request for damages at this stage of proceedings. The Court also held that Shoppers Drug Mart breached the 2002 form of Associate Agreement when it did not remit certain amounts that it received from generic drug manufacturers to Associates. On March 20, 2023, the plaintiffs filed a Notice of Appeal and on April 4, 2023, the Company filed a Notice of Cross-Appeal. A hearing for the appeals was held on February 14, 2024 and on February 15, 2024, and a decision is pending. Accordingly, the Company has not recorded any amounts related to the potential liability associated with this lawsuit. The Company does not believe that the ultimate resolution of this matter will have a material adverse impact on its financial condition or prospects.

In 2017, the Company and Weston announced actions taken to address their role in an industry-wide price-fixing arrangement involving certain packaged bread products. The arrangement involved the coordination of retail and wholesale prices of certain packaged bread products over a period extending from late 2001 to March 2015. Under the arrangement, the participants regularly increased prices on a coordinated basis. Class action lawsuits have been commenced against the Company and Weston as well as a number of other major grocery retailers and another bread wholesaler. It is too early to predict the outcome of such legal proceedings. Neither the Company nor Weston believes that the ultimate resolution of such legal proceedings will have a material adverse impact on its financial condition or prospects. The Company's cash balances far exceed any realistic damages scenario and therefore it does not anticipate any impacts on its dividend, dividend policy or share buyback plan. The Company has not recorded any amounts related to the potential civil liability associated with the class action lawsuits in 2023 or prior on the basis that a reliable estimate of the liability cannot be determined at this time. The Company will continue to assess whether a provision for civil liability associated with the class action lawsuits can be reliably estimated and will record an amount in the period at the earlier of when a reliable estimate of liability can be determined or the matter is ultimately resolved. As a result of admission of participation in the arrangement and cooperation in the Competition Bureau's investigation, the Company and Weston will not face criminal charges or penalties. In response to such class action lawsuits, certain major grocery retailers have crossclaimed against the Company and Weston, and the Company and Weston believe such crossclaims are without merit.

In August 2018, the Province of British Columbia filed a class action against numerous opioid manufacturers and distributors, including the Company and its subsidiaries, Shoppers Drug Mart Inc. and Sanis Health Inc. The claim contains allegations of breach of the Competition Act, fraudulent misrepresentation and deceit and negligence, and seeks unquantified damages for the expenses incurred by the federal government, provinces, and territories of Canada in paying for opioid prescriptions and other healthcare costs related to opioid addiction and abuse in Canada. During the second quarter of 2021, the claim against Loblaw Companies Limited was discontinued. In May 2019, two further opioid-related class actions were commenced in each of Ontario and Quebec against a large group of defendants, including Sanis Health Inc. In February 2022, the plaintiff and Sanis Health Inc. agreed to

settle the Quebec action for a nominal amount, with no admission of liability and for the express purpose of avoiding the delays, disruption, and expenses associated with the litigation. The settlement has been approved by the court and is now final. In December 2019, a further opioid-related class action was commenced in British Columbia against a large group of defendants, including Sanis Health Inc., Shoppers Drug Mart Inc. and the Company. The allegations in the Ontario, Quebec, and the civil British Columbia class actions are similar to the allegations against manufacturer defendants in the Province of British Columbia class action, except that these May 2019 and December 2019 claims seek recovery of damages on behalf of opioid users directly. In April 2021, the Company, Shoppers Drug Mart Inc. and Sanis Health Inc. were served with another opioid-related class action that was started in Alberta against multiple defendants. The claim seeks damages on behalf of municipalities and local governments in relation to public safety, social service, and criminal justice costs allegedly incurred due to the opioid crisis. In September 2021, the Company, Shoppers Drug Mart Inc. and Sanis Health Inc. were served with a class action started in Saskatchewan by Peter Ballantyne Cree Nation and Lac La Ronge Indian Band on behalf of all Indigenous, Metis, First Nation and Inuit communities and governments in Canada to recover costs they have incurred as a result of the opioid crisis, including healthcare costs, policing costs and societal costs. In January 2024, Shoppers Drug Mart Inc. was served with a second class action in Saskatchewan started by Lac La Ronge Indian Band. The case is brought on behalf of Band members and is claiming damages relating to abatement costs, the diversion of financial and other resources, the reduction in the value of the reserve lands and interests, and lost tax revenues. Shoppers Drug Mart Inc. is being sued as a representative of an international defendant subclass of opioid “dealers” and Sanis Health Inc. is a proposed supplier class member. The Company believes these proceedings are without merit and is vigorously defending them. The Company does not currently have any significant accruals or provisions for these matters recorded in the unaudited interim period condensed consolidated financial statements.

In July 2022, the Tax Court of Canada released a decision relating to PC Bank, a subsidiary of the Company. The Tax Court of Canada ruled that PC Bank is not entitled to claim notional input tax credits for certain payments it made to Loblaw's Inc. in respect of redemptions of loyalty points. On September 29th, 2022, PC Bank filed a Notice of Appeal with the Federal Court of Appeal and on March 6, 2024, the matter was heard by the Federal Court of Appeal, which reserved judgment for a later date. The Company has not reversed any portion of the charge of \$111 million, inclusive of interest, recorded in the second quarter of 2022. The Company believes that this provision is sufficient to cover its liability, if the appeal is ultimately unsuccessful.

Indemnification Provisions The Company from time to time enters into agreements in the normal course of its business, such as service and outsourcing arrangements, lease agreements in connection with business or asset acquisitions or dispositions, and other types of commercial agreements. These agreements by their nature may provide for indemnification of counterparties. These indemnification provisions may be in connection with breaches of representations and warranties or in respect of future claims for certain liabilities, including liabilities related to tax and environmental matters. The terms of these indemnification provisions vary in duration and may extend for an unlimited period of time. In addition, the terms of these indemnification provisions vary in amount and certain indemnification provisions do not provide for a maximum potential indemnification amount. Indemnity amounts are dependent on the outcome of future contingent events, the nature and likelihood of which cannot be determined at this time. As a result, the Company is unable to reasonably estimate its total maximum potential liability in respect of indemnification provisions. Historically, the Company has not made any significant payments in connection with these indemnification provisions.

- The Retail segment consists primarily of corporate and franchise-owned retail food and Associate-owned drug stores, and includes in-store pharmacies, health care services, other health and beauty products, apparel and other general merchandise. This segment is comprised of several operating segments that are aggregated primarily due to similarities in the nature of products and services offered for sale in the retail operations and the customer base; and
- The Financial Services segment provides credit card and everyday banking services, the PC Optimum™ loyalty program, insurance brokerage services, and telecommunication services.

The Company's chief operating decision maker evaluates segment performance on the basis of adjusted operating income before depreciation and amortization ("adjusted EBITDA"), as reported to internal management, on a periodic basis.
