Annual Report  
2023

**“Food builds community.  
Staff are able to make  
deeper connections  
with students who we  
would never have known  
were dealing with food  
insecurity at home.”**

*- Educator, Winnipeg, MB*

**Kids should go far.  
Not hungry.**

Hunger should never be a barrier to learning. President's Choice Children's Charity is on a mission to feed one million kids annually and teach them how to grow and cook.

Recent reports reveal a distressing reality: in 2023, over 2.1 million children, or more than one in four, faced food insecurity—a barrier that hinders their ability to learn and thrive. Our children deserve better.

# A message from our Chairperson and Executive Director

Every child deserves a bright future, unburdened by hunger. Now more than ever, this belief holds immense importance. Recent reports reveal a distressing reality: in 2023, over 2.1 million children, or more than one in four, faced food insecurity—a barrier that hinders their ability to learn and thrive. Our children deserve better.

At President's Children's Charity, we have personally witnessed the profound impact of this crisis. Just this year, we have encountered an unprecedented number of schools in need—a distressing indication that our work is becoming more urgent than ever before. The demand is rapidly increasing, underscoring the critical importance of doing everything in our power to nourish the minds of young Canadians.

Thanks to the support from millions of Canadians like you, our Power Full Kids programs have supported over 2,200 schools across the nation. By providing daily food programs and empowering students with essential skills like growing and cooking, we are not only nourishing their tummies but also cultivating brighter futures ahead.

We extend our deepest gratitude to our founding partner Loblaw Companies Ltd., as well as their colleagues, customers and vendors who wholeheartedly believe in our cause. Without your remarkable generosity—be it through fundraising efforts led by Loblaw colleagues or vendor support at events—and without the generous donations from customers nationwide, none of this would be possible. You are making an indelible difference where it truly matters: turning classrooms into places of hope and nurturing our future leaders.

Thank you for joining us on this vital movement— together we won't stop feeding potential, unlocking possibilities, and helping kids go far, not hungry.

# Power Full Kids™

**Feeding 990,000  
Power Full Kids™  
at 2,200 schools  
across Canada  
this school year.**

# Power Full Kids are well-fed, ready to learn, and empowered with the skills to discover food.

All Power Full Kids programs include:

**Good food** for every participant.

**Food skills activities and resources** that teach kids to grow and cook, and help educators with program delivery.

**Demonstrated impact** based on ongoing research and feedback.

## Power Full Kids at School

### Power Full Kids | Eat Well

Canada's largest school food program combines daily meals and snacks with fun mealtime activities so kids can connect with each other and their food, ensuring they are well-fed and ready to learn.

### Power Full Kids | Equipment Fund

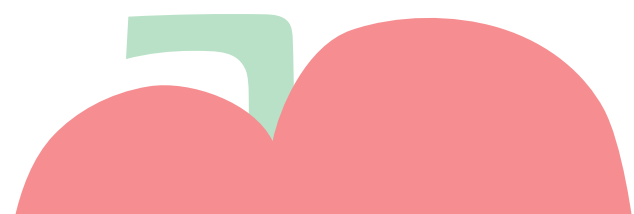

Offers the equipment schools need to deliver the Power Full Kids | Eat Well program.

### Power Full Kids | Grow & Cook

Provides educators with equipment and resources, making it easy to teach their students to grow and cook.

### Power Full Kids | Future Growers

Aims to address the loss of food sovereignty in Indigenous communities by using container farms to empower students to grow their own food and nourish their community.

# Barrowtown Elementary's Agriculture Program is Thriving

The Agriculture Program at Barrowtown Elementary in Abbotsford, BC, is flourishing, thanks to the President's Choice Children's Charity's Power Full Kids | Grow & Cook program. The program aims to help educators incorporate food-based education into their lesson plans by providing students with tools and classroom resources.

Barrowtown Elementary has enhanced learning opportunities for students both indoors and outdoors. Three indoor garden towers have allowed students to plant seeds and regularly harvest lettuce. Seven chicks hatched in the classroom and are now thriving in their pen, providing eggs for the school. The outdoor garden space has expanded significantly, thanks to new garden boxes. Students have actively participated in planting and even sold some of the plants in a Spring plant sale!

In the words of Malcolm, a second-grader, "I am so lucky to go to a school where I get to spend the day in the garden; we never did this in my old school!"

Taylor, a fifth-grader, emphasized the importance of learning how to grow food:

"My favorite part is all of it. It's my favorite part because I'm glad that our school is different from most schools; most schools don't have this. I think it's important to learn agricultural stuff because when we're older, we should know how to do this kind of thing."

The heart of the program is the students, who have actively engaged at every stage of these exciting projects. They've been enthusiastic participants in various agriculture-based field trips, with more experiences planned for the future.

As Rachel Slomp, Chairperson of Barrowtown's Agricultural Committee and President of their Parent Advisory Council, reflects on the accomplishments of the past year, gratitude overflows for the unwavering support from the community and President's Choice Children's Charity. "We are truly grateful to be part of such a supportive community," she notes. "Our students will take these experiences and continue to grow from them year after year."

Barrowtown Elementary School's Agriculture Program not only fosters a love for agriculture but also imparts valuable life lessons and skills to its students. With ongoing community support and participation in President's Choice Children's Charity's signature Power Full Kids programs, the program is poised to thrive and inspire for years to come.

*"I am so lucky I get to go to a school where I get to spend the day in the garden; we never did this in my old school!"*

*- Malcolm, Grade 2 student, Barrowtown Elementary*

## Did you know?

- Food insecurity is more prevalent among households with children.
- Well-fed kids perform better at school.
- 27% higher levels of anxiety are experienced by hungry children.
- 44.2% of students eat more fruits and vegetables when schools have gardens.
- 50 hours of nutrition education are needed to affect behavior change.

Hunger can make it difficult for a child to concentrate, negatively effects their attendance, and worsens learning outcomes. President's Choice Children's Charity is removing hunger as a barrier to education for Canadian children.

# Our Impact

We believe we have a vital role to play in the fight against childhood hunger, providing good food to many of the more than two million Canadian children who live with food insecurity.

# Nourishing Minds and Fostering Inclusion at Archwood School

In Winnipeg, MB, President's Choice Children's Charity's Eat Well program is an essential building block in Archwood School's holistic approach to feeding their students. From breakfast to snacks to lunches, this program ensures that students receive nutritious meals throughout the day.

At Archwood, it's not just about fueling learning; it's about creating a sense of belonging and inclusion. "We use a mobile cart to serve breakfast to classrooms four days a week. We have a fruit bowl in each class that teachers or EAs are responsible to refill. If students arrive late, they can visit the kitchen between breakfast and lunch for a snack," says Karen Lambert, the school's Community Liaison. "Every day we have the pleasure of ensuring our students have a good start to their day without worrying about what they are going to eat. The support we receive from President's Choice Children's Charity enables us to provide a healthy, consistent source of nourishment."

With a student population of 192, the program serves as a vital lifeline for many. Students rely on breakfast so they can start their day with a full tummy and the lunch program offers a diverse menu catering to various tastes and dietary needs. "Our students have tried foods they've never seen before. The older students are learning the impact of kindness and tenderness as they interact with younger students that might

speak another language or need a little more attention," says Lambert.

The impact of the program extends beyond physical nourishment. Through involvement in food preparation and service, students develop essential life skills and a sense of belonging. As Lambert observes, "Shy or ESL students are so brave. Students and staff assist them, but they make the individual choices too." This promotes confidence and resilience among students, laying the foundation for success both inside and outside the classroom.

Archwood's approach to food insecurity is inclusive and compassionate. Staff work closely with families and support services to ensure no child goes hungry. Beyond providing meals, the school organizes events like Nutrition BINGO and parent coffee clubs, building a strong sense of community.

Teachers note a positive correlation between access to meals and student focus, behaviour, and mental health. As one teacher shares, "The lunch program at our school is incredibly valuable. It relieves stress for students and allows them to eat a healthy meal instead of a bag of chips or nothing at all."

The program continues to evolve, adapting to the needs of its community. Innovative family cooking sessions and encouraging cultural exchange and familial involvement enrich the impact.

Looking ahead, the school remains committed to enhancing its offerings, ensuring every student feels valued and supported.

In the words of a Grade 8 student, "It makes me feel good that there's food here all the time. If I'm not feeling good, I can come here, and a teacher will give me something to eat."

This sentiment encapsulates the essence of Archwood—a testament to the school's commitment to holistic education, where nourishing bodies is as crucial as nurturing minds. Every meal served is a reminder of the school's dedication to fostering a community where every child feels seen, heard, and nourished.

**“The support we receive from President's Choice Children's Charity enables us to provide a healthy, consistent source of nourishment.**

- Karen Lambert, Community Liaison, Archwood School

# President's Choice Children's Charity Recognized as a Top 10 Youth Impact Charity by Charity Intelligence Canada

In 2023, we were thrilled to be included in Charity Intelligence Canada's prestigious list of Top 10 Youth Impact Charities for the second year in a row.

Charity Intelligence Canada (CI) is renowned as the leading source for independent research and analysis of Canadian charitable organizations. Inclusion in the Top Impact Charities list is determined by the measurable impact that charities have had during the past year, assessed through CI's Social Return on Investment framework.

Being named as a leading charity that has demonstrated the highest value created per dollar spent is an achievement that the entire charity team and our supporters can take pride in. This recognition reflects the remarkable journey embarked upon by President's Choice Children's Charity to feed one million children annually and empower them with the skills to grow and cook.

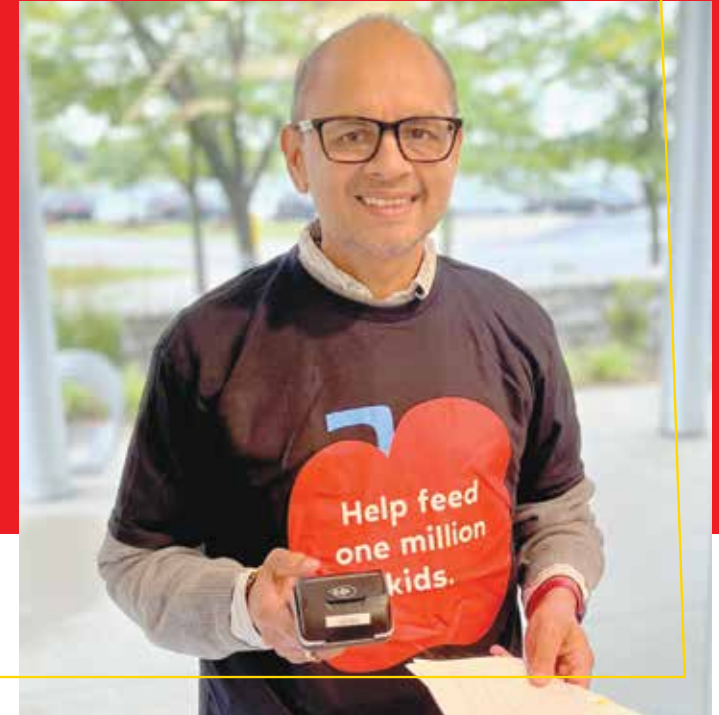

We extend our gratitude to our valued partners, including Loblaw, our vendor community, and our dedicated donors, whose unwavering support has been instrumental in our mission.

“

*As I reflect on my volunteer journey with this remarkable charity and our organization, I'm reminded that even a small contribution can pave the way for monumental change – President's Choice Children's Charity isn't just a charity, it is a lifeline for kids across Canada.*

*- Dipak Pandya, Volunteer*

## Dipak is passionate about volunteering

Category Director for Natural Food in Market Merchandising, Dipak Pandya, has been volunteering with President's Choice Children's Charity for over a decade.

"To be honest, when I first started volunteering, I didn't know much about the cause and impact President's Choice Children's Charity has," explains Dipak. "Little did I know that this would eventually become a passion of mine that has redefined how I see the world and how I draw inspiration."

Growing up, Dipak was fortunate to have access to quality of education and food. But as he learned more about the staggering number of children across the country and

in his local community who lack nutritious food to start off their day, he felt compelled to make a difference.

"President's Choice Children's Charity's mission is to support the future generation of Canadians and that really touched my heart," said Dipak. "I personally recall my interaction with school children during one of the Charity's Bowlerama events and I'll never going to forget the huge smiles on the children's faces, their energetic laughs, and their wacky stories that made me remember what it felt like to be a kid again. It was life-changing to see the immediate impact we were able to have on the community and how a little generosity and kindness can go a long way."

Through the simple act of contributing to President's Choice Children's Charity – whether it's through monetary donations, personal time, or getting to know the community – Dipak was able to gain a new life's purpose, volunteerism.

"It is truly an honour to help contribute to something greater than me and I am filled with gratitude to be a part of something so meaningful," explained Dipak. "As I reflect on my volunteer journey with this remarkable charity and our organization, I'm reminded that even a small contribution can pave the way for monumental change – President's Choice Children's Charity isn't just a charity, it is a lifeline for kids across Canada."

# School Custodian Goes Above and Beyond to Help Feed Kids

In the hallways of Folkstone Public School in Brampton, ON, Andrew Bryce, the dedicated Head Custodian, stands as a beacon of support for the student body. With a warm smile and a heart full of compassion, he oversees the school's Power Full Kids | Eat Well program, ensuring that no child goes hungry during the school day.

Before the students arrive each morning, Bryce sets up grab-and-go style food bins outside the main office. It's a simple yet effective operation, designed to provide students with easy access to nutritious options throughout the day. While Bryce primarily runs the program solo, he sometimes enlists the help of eager Kindergarten students, who love to help "Mr. Bryce."

Now in his third year at Folkstone, Bryce has experienced several changes in the school's administrative staff. That can often mean a school's snack program doesn't have the support to continue. However, one of Folkstone's principals noticed Bryce's passion and leadership

skills and asked if he would volunteer to manage it. He has been enthusiastically running the program ever since, going above and beyond his duties as Head Custodian.

President's Choice Children's Charity's Power Full Kids | Eat Well program ensures that Folkstone can offer a variety of healthy food options to students. From bagels to yogurt tubes, hardboiled eggs to granola bars, Bryce ensures that there's something for everyone. But the program goes beyond just providing food at Folkstone, it serves as a lifeline for many students facing food insecurity. Despite the universally offered program, Bryce keeps a watchful eye to ensure all students have the support they need.

"We have some students that have very little for lunch, or just not enough of the right items coming from home. When I notice that a student's lunch is lacking, I have worked with them to ensure that they have a proper lunch and provided them with a lunch bag that they can discreetly fill up once they arrive at school," Bryce shares.

Through his unwavering dedication, Bryce has witnessed firsthand the

*This program has served our students and community so well. I am honored to be doing what I do, and my reward is seeing how far it reaches and how much it helps our students and families.*

- Andrew Bryce, Head Custodian,  
Folkstone Public School

positive impact of the program on students' well-being. From boosting confidence to ensuring students start their day with a full belly, the program has become an integral part of the school community.

"I think the most important thing is for students to learn in an environment where there is no food anxiety, and that they are nutritionally sound for their day of learning. This program has served our students and community so well. I am honored to be doing

what I do, and my reward is seeing how far it reaches and how much it helps our students and families," says Bryce.

Looking to the future, Bryce is eager to introduce "Wrap Up Wednesdays," offering students a healthy, full lunch option once or twice a month. He understands the importance of instilling healthy eating habits early on and believes that eating together with peers can make vegetables more palatable to young children, who are often

hesitant to eat them.

In Bryce's eyes, the importance of a meal and snack program extends far beyond just satisfying hunger—it's about creating an environment where every student can thrive and be fully nourished for their learning journey. And for Bryce, there's no greater reward than knowing he's making a difference in the lives of the students and families he serves.

Head Custodian Andrew Bryce with students from Folkstone Public School in Brampton, ON

# Thank you to Loblaw Companies Limited and its customers, colleagues, and vendors!

Loblaw has a responsibility to make a positive impact in the communities they serve. That view is central to the company's purpose - helping Canadians Live Life Well®.

Advancing social equity is a pressing challenge, especially as both the country and the world grapple with levels of economic uncertainty not experienced in a generation. President's Choice Children's Charity is proud to be the foundation in Loblaw's commitment to support the wellbeing of Canadian children.

Loblaw is committed to raise and donate \$150 million by 2027 to support the charity's mission. Since making this commitment, they have activated their network of stores, vendors, colleagues and customers to contribute more than \$111 million.

Additionally, the cost of the charity's administration and operations is covered by Loblaw's annual donation, ensuring that 100% of every personal gift feeds kids!
