

children's
charity™

2024

Annual Report

“Every morning, we see firsthand just how much the breakfast program means to our students. Before the program even opens, there is already a lineup of eager students waiting to start their day with a nutritious meal. This daily routine has become an important part of their morning, ensuring they are fueled and ready to learn.”

- Educator, Bowden, AB

No child should have to learn on an empty stomach.

That's why President's Choice Children's Charity is committed to nourishing one million kids every year by 2025—while also equipping them with the skills to grow and cook their own food for a healthier future.

A bright future, free from hunger, is every child's right. Yet today, over 2.1 million Canadian children – more than one in four – face food insecurity, undermining their ability to learn and reach their full potential. Our children deserve the chance to thrive.

A message from our Chairperson and Executive Director

A bright future, free from hunger, is every child's right. Yet today, over 2.1 million Canadian children – more than one in four – face food insecurity, undermining their ability to learn and reach their full potential. Our children deserve the chance to thrive.

At President's Choice Children's Charity, we witness this impact directly. The unprecedented demand from schools this year reveals the growing urgency of our mission: to nourish the minds of young Canadians.

Thanks to the incredible support of Canadians like you, our Power Full Kids programs reached new heights during the 2024/2025 school year. We provided equitable access to daily meals and snacks for a staggering 997,000 students across nearly 2,200 schools nationwide. But our commitment extends beyond nourishment. We also empower students with essential skills, such as growing and cooking, to foster independence and build brighter futures. Further, as part of our commitment to Truth and Reconciliation, our Future Growers program actively weaves together technology and traditional food systems to honor the connection between food production, culture, and community. By harnessing technology to strengthen land-based practices, we strive to overcome the challenges isolation, climate change, and colonial industrialization pose to Indigenous food sovereignty, contributing to a future where all children can thrive.

We are deeply grateful to our founding partner, Loblaw Companies Ltd., and to their dedicated colleagues, customers, and vendors who wholeheartedly believe in our cause. Without your remarkable generosity—through fundraising by Loblaw colleagues, vendor support at events, and generous donations from customers nationwide—none of this would be possible. You make an indelible difference where it truly matters: turning classrooms into places of hope and nurturing our future leaders.

Thank you for joining us on this vital movement— together we won't stop feeding potential, unlocking possibilities, and helping kids go far, not hungry.

Mark Wilson
Chairperson

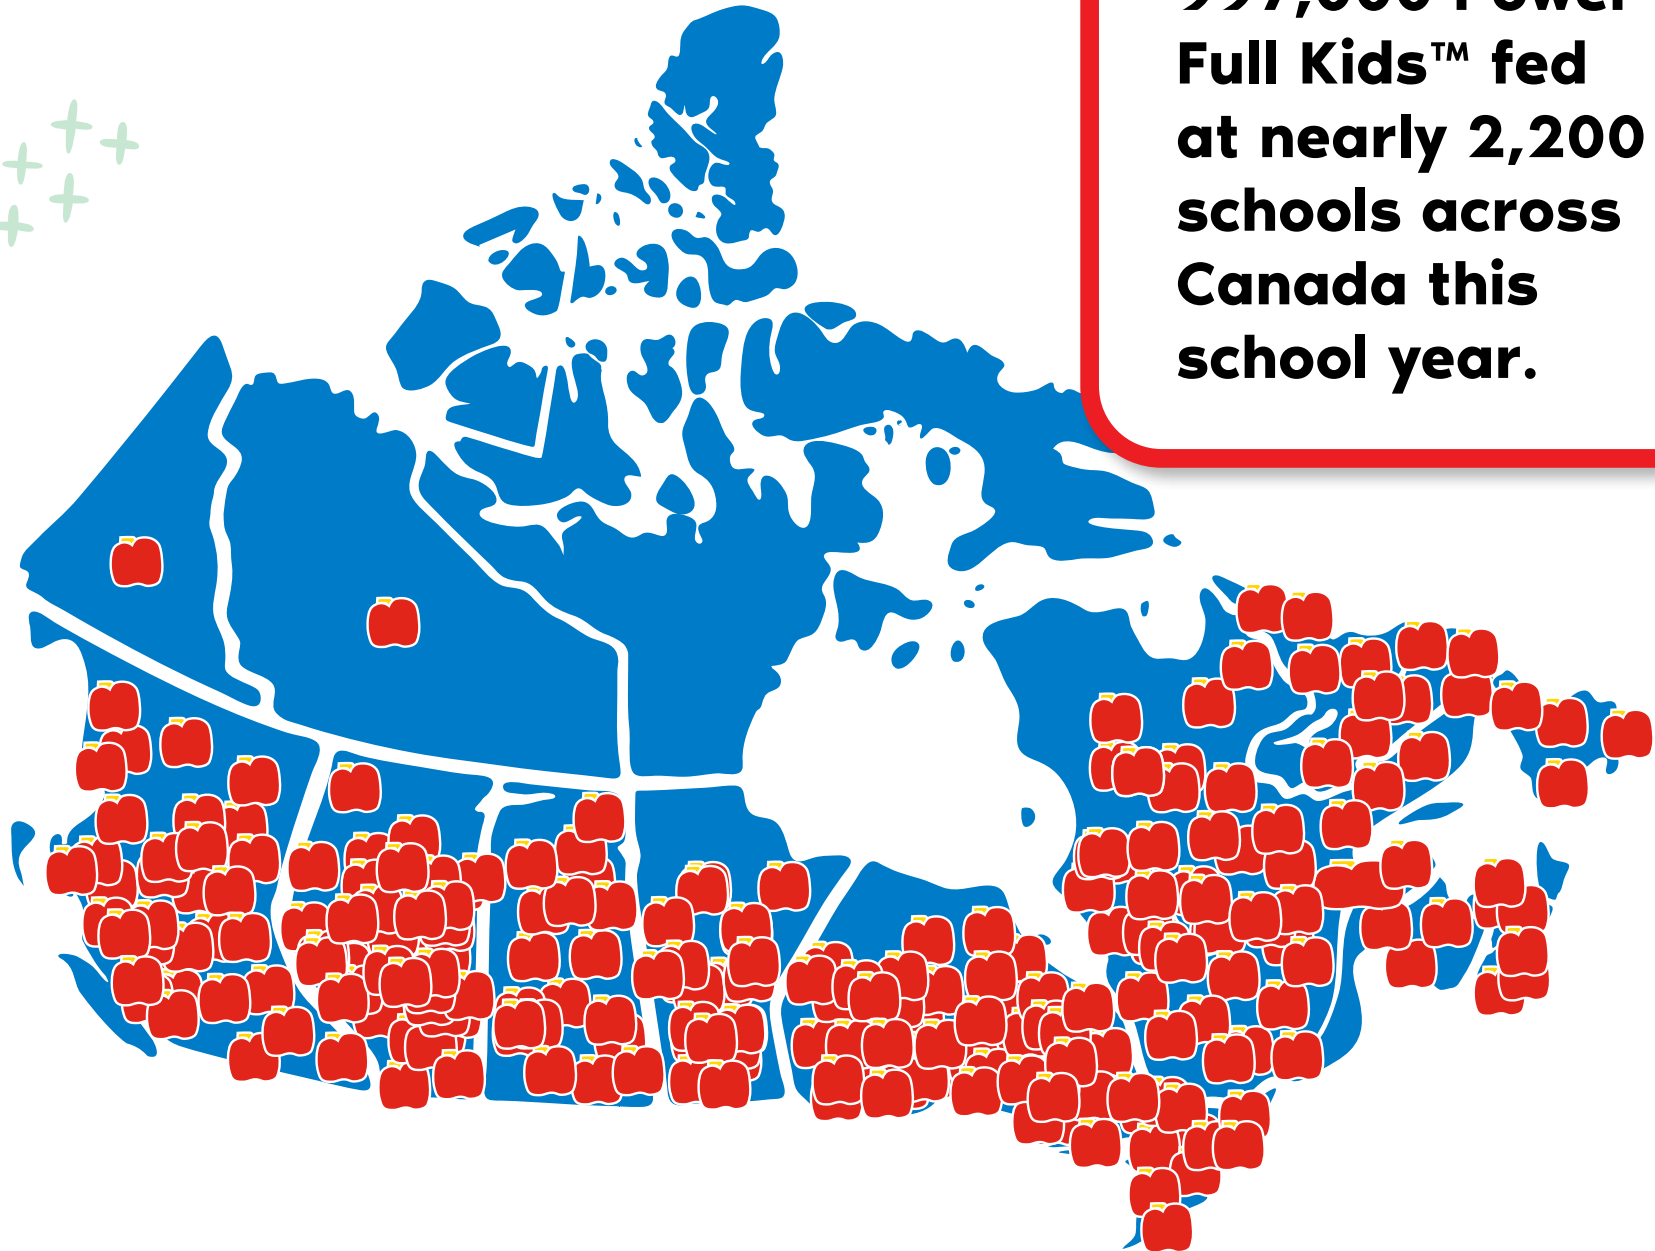

Lisa Battistelli
Executive Director

Power Full Kids™

997,000 Power Full Kids™ fed at nearly 2,200 schools across Canada this school year.

Power Full Kids are well-fed, ready to learn, and empowered with the skills to discover food.

In 2024, 99.4% of programming spend was invested in the Power Full Kids | Eat Well Program and 0.6% for essential equipment to enhance its effectiveness.

	Kid Count	% of school-aged children reached*
British Columbia	55,661	9.70
Alberta	108,695	16.09
Saskatchewan	25,967	14.21

Power Full Kids at School

Power Full Kids | Eat Well

Canada's largest school food program combines daily meals and snacks with fun mealtime activities so kids can connect with each other and their food, ensuring they are well-fed and ready to learn.

Power Full Kids | Equipment Fund

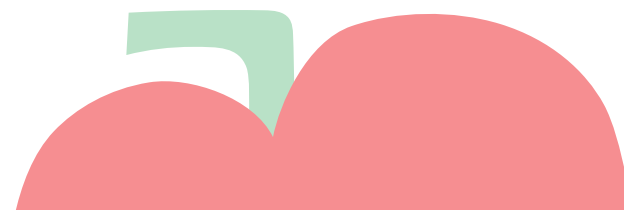

Offers the equipment schools need to deliver the Power Full Kids | Eat Well program.

Power Full Kids | Grow & Cook

Provides educators with equipment and resources, making it easy to teach their students to grow and cook.

Power Full Kids | Future Growers

Aims to address the loss of food sovereignty in Indigenous communities by using container farms to empower students to grow their own food and nourish their community.

Giving Students Their Best Chance to Succeed

At Queen Elizabeth Public School in Sarnia, Ontario, a commitment to student well-being is at the heart of everything they do. Led by dedicated educators like Mary Hilpert, the school's President's Choice Children's Charity (PCCC) Power Full Kids™ program ensures that every child has access to nutritious food, fostering both academic success and personal growth.

The school's snack program operates five days a week, all ten months of the school year, ensuring that students never have to worry about hunger during their school day. Each morning, every classroom receives a tray filled with a variety of healthy foods, including dairy, grains, fruits, and vegetables. The goal is simple but powerful: no child should go hungry, and no student should have to choose between attending school and having a meal.

Beyond daily snacks, Room 10—the school's designated cooking classroom—serves as a hub for food education. Each class participates in monthly cooking activities, where students learn

essential kitchen skills while preparing meals such as vegetable soup, fruit smoothies, and whole-grain wraps. Teachers can also reserve Room 10 for additional hands-on lessons, including life skills like using a dishwasher, washing machine, and food storage techniques.

With a student population of 280, over 75% of students rely on the snack program, and 100% participate in the monthly cooking activities. "Food insecurity should never deter a family from sending their children to school," says Hilpert. "Our program ensures all students receive the nutrition they need to focus on learning."

Through the PCCC Power Full Kids™ Equipment Fund and Grow & Cook programs, the school has been able to purchase vital kitchen tools, including a stainless-steel prep table, a full-sized refrigerator, blenders, and baking sets. These resources have enhanced the learning experience, allowing students to prepare a variety of nutritious meals and snacks from scratch.

The impact of support from PCCC extends beyond nutrition. Teachers and staff have observed noticeable improvements in student concentration, behavior, and engagement. Access to regular meals has led to better attendance rates and has given students a sense of belonging within the school community.

"Cooking together fosters teamwork, communication, and creativity," says Hilpert. "It's in these moments that we build bonds and strengthen relationships between students and staff. Food is a universal language—it connects us, brings joy, and provides comfort."

Looking ahead, the school is transitioning to environmentally friendly practices, such as eliminating single-use plastics. Their ultimate goal? Establishing a full meal program with a cafeteria, where breakfast and lunch can be provided to students five days a week.

The PCCC Power Full Kids™ program is more than just a meal initiative—it is a lifeline for many students and a model of what school nutrition programs can achieve. Through dedication, innovation, and community collaboration, the program ensures that every child is nourished, engaged, and ready to learn.

As Hilpert passionately states, "Feeding our students improves their physical and mental health, increases attendance, and helps them develop lifelong skills. It's about more than food—it's about giving our kids the best chance to succeed."

“

Feeding our students improves their physical and mental health, increases attendance, and helps them develop lifelong skills. It's about more than food—it's about giving our kids the best chance to succeed.

– Mary Hilpert, Teacher at QE Sarnia

Did you know?

- President's Choice Children's Charity (PCCC) is Canada's largest charitable direct-to-school food program, reaching 20% of school-aged children.
- 100% of customer donations feed kids at local schools.
- Our goal is to feed 1 million children at school each year.
- Our Power Full Kids™ program pairs good food with growing and cooking skills.
- In 2024 we fed more than 997,000 children at nearly 2,200 schools nationwide.
- PCCC is a Canadian registered charity.

Fueling Futures: 500,000 Snack Bags Delivered to Power Full Kids™ Programs

This year, we did something different. Something big.

For the first time, we set our sights on activating stores and store support colleagues to deliver 500,000 snack bags to our Power Full Kids™ programs in schools across the country. It was an ambitious goal—but one that reflected the heart of our mission: to make a meaningful, tangible difference in the lives of Canadian children.

These snack bags did more than feed hungry students. They strengthened our connection to the communities we serve and brought us one step closer to President's Choice Children's

Charity's bold goal: to feed one million kids each year by 2025. Because we believe that kids who eat well, do well—and every single snack bag is a building block for their success.

Each bag, packed with healthy snacks generously donated by vendor partners, was a symbol of what's possible when we collaborate with purpose. It's thanks to their unwavering support that we were able to fill each one with nourishment, energy, and possibility.

And teams across the country stepped up! As Rob & Tina's No Frills Amherstburg shared, "It's moments like these that make us feel very blessed to be part of a community and give

back when we can. We had the opportunity to deliver snack bags to a local school in town for Power Full Kids programs."

When we come together, we're part of a national movement to nourish the next generation. These snack bags didn't just feed kids—they helped students focus in class, feel cared for, and stay energized for the day ahead.

Together, we are building healthier, brighter communities. And together, we are unstoppable.

Our Impact

Together with schools, we are making a positive impact on the lives of students across the country. Our program is breaking down barriers to food access and building a strong, supportive community. Kids who eat well, do well.

More Than a Meal: How Cold Lake Outreach School is Nourishing Students and Building Community

At Cold Lake Outreach School in Cold Lake, AB, a warm meal is more than just food—it's a source of comfort, connection, and confidence for students. Through the dedication of volunteer staff and the support of President's Choice Children's Charity's (PCCC) Power Full Kids™ program, the school ensures that every student has access to nutritious meals, helping them focus on learning, build relationships, and thrive in and out of the classroom.

Unlike traditional schools, Cold Lake Outreach serves students with diverse schedules and unique challenges, making the accessibility of food even more critical. The school's kitchen is a hub of activity five days a week, offering a welcoming space where students can grab a meal, learn new skills, or simply take a break from their day. Volunteer staff prepare and serve meals, ensuring that no student goes hungry. "For many of our students, this program is more than just food—it's a place where they feel cared for and seen," says Administrative Assistant Allie Untereiner. "Some students arrive at school knowing this is the only hot meal they'll have all day. That's why it matters so much."

Mornings at Cold Lake Outreach start with a hearty, protein-rich breakfast—a simple but powerful way to set students up for success. Throughout the day, grab-and-go snacks are always available, removing any stigma around

needing extra nourishment. Lunchtime is a highlight, featuring student-favorite meals like loaded taco salad, crispy chicken Caesar wraps, and homemade soups, all made with fresh ingredients. The program serves a student population of 205, with 45-50 students attending Monday through Thursday and 20 on Fridays. Meal planning is done with student input, ensuring the menu reflects their preferences while maintaining balanced nutrition.

One student shared a moment that stuck with staff: after receiving a meal, they asked, "Are you rich?" When asked why they thought so, they responded, "Do you go home to food in the fridge? If you do, that's pretty rich to me." These words served as a stark reminder of how deeply food insecurity impacts students' lives.

Beyond nutrition, the meal program helps foster a strong sense of community and belonging. Students often enjoy meals in classrooms, turning snack time into moments of connection between peers and staff. The welcoming atmosphere encourages open conversations, allowing teachers and volunteers to check in on students' well-being in a natural, supportive way. For Indigenous liaison groups and families in the community, the program has been a vital support system. Many students rely on it not just for meals but for a safe, welcoming space where their needs are understood and met with care. "Making sure students have food is just the start," Untereiner emphasizes. "It's about making

sure they feel safe, supported, and ready to take on their goals—whether that's finishing a math test or working toward graduation."

Over the years, the program has evolved into more than just a meal service. The school has shifted toward preparing meals from scratch, incorporating fresh ingredients, and giving students opportunities to develop hands-on cooking skills. Students are encouraged to help with meal prep, learn about nutrition, and even gain credits through cooking-related coursework, making food a meaningful part of their education. These experiences not only teach life skills but also empower students with confidence and independence.

At Cold Lake Outreach, the goal is clear: remove barriers to food access so that no student has to worry about where their next meal will come from. "This program is about more than filling stomachs—it's about making sure our students have what they need to succeed, both in school and in life," Untereiner shares. With strong community connections and dedicated staff and volunteers, the PCCC Power Full Kids™ program at Cold Lake Outreach School is a lifeline for students, ensuring that they feel nourished, valued, and ready to take on their future.

For many of our students, this program is more than just food—it's a place where they feel cared for and seen. Some students arrive at school knowing this is the only hot meal they'll have all day. That's why it matters so much. - Allie Untereiner, Administrative Assistant at Cold Lake Outreach School

President's Choice Children's Charity Celebrates Three Years as a Top 10 Youth Impact Charity and Recognition Among Canada's Top 100 Charities

We are proud to announce that President's Choice Children's Charity has once again been named one of Charity Intelligence Canada's Top 10 Youth Impact Charities, marking the third consecutive year of this honour. This year, we're also thrilled to be recognized among Canada's Top 100 Charities—an achievement that underscores our dedication to transparency, measurable impact, and meaningful change.

Charity Intelligence Canada is renowned for its rigorous analysis of charitable organizations, empowering donors with the tools to make informed decisions about their giving. Their evaluation criteria include a focus on measurable results, cost-effectiveness, and the impact of donor dollars. Being included in these prestigious lists highlights the dedication of our entire team and supporters to creating maximum value and meaningful outcomes.

This recognition comes as we continue working toward our goal of feeding one million children annually and empowering Canadian students

with the skills to grow and cook their own food. With the support of our founding partner, Loblaw, and their incredible network of vendors, colleagues, and customers, we are helping to tackle the critical issue of food insecurity and empowering children to build healthier futures through the generosity of our donors.

An Angus Reid survey* in 2020 found that 60% of Canadians are doing more homework on charities before they give. Charity Intelligence's Top 100 list serves as a trusted resource for this research, spotlighting organizations that deliver exceptional results. This year's list underscores the importance of "giving that does the most good" and shines a light on charities that are driving impactful change in Canada.

We are deeply honoured by this recognition and remain committed to ensuring every dollar makes a meaningful impact. Together, we're creating a brighter future for Canada's children.

*Reference: "Philanthropy, Pandemic & Political Scandal: Covid-19 curtails donor giving (estimate from survey responses), WE affair weakens trust in charities, September 17, 2020.

“Our students have the opportunity to receive breakfast, lunch, and snacks at school. Parents are able to use the money they would have spent on lunches and breakfast to ensure they have enough to eat for dinner and on the weekends. We have students who have improved attendance because they have access to food regularly, and it has allowed for increased engagement.”

- Educator, Yellowknife, NT

Planting the Seeds of Change: Empowering Youth Through Food, Culture, and Community

At President's Choice Children's Charity (PCCC), we believe that every child deserves access to nutritious food and the opportunity to thrive. That's why we're so incredibly proud of Future Growers, a growing national initiative that's helping communities reimagine food access through youth-led, culturally grounded, and tech-enabled farming. It's more than just a program; it's a testament to the power of community, the resilience of youth, Indigenous food sovereignty, and the commitment to truth and reconciliation.

Demonstrating our commitment to nurturing essential growing and cooking skills and providing equitable access to nutritious food for students, Future Growers is cultivating hope across the country. With farms already operating in Saskatchewan and British Columbia, we are excited to welcome Kikino School in Northern Alberta to this growing community.

Kikino School, nestled within the Kikino Métis Settlement, is a place where Indigenous students are not only learning about food, but also connecting with their culture and building a brighter future. With approximately 110 students from pre-K to Grade 8, the school is a vital hub for the community. The student-led container farm will provide year-round access to fresh, nutritious food in a region where outdoor growing is limited by climate.

But Future Growers is about so much more than just growing vegetables. It's about empowering youth to become leaders in their communities. It's about integrating food systems education into the curriculum, connecting students to subjects like science, technology, math, language, health, and nutrition in a hands-on, engaging way. It's about fostering intergenerational learning, with Elders sharing their traditional knowledge of foods and land-based practices.

One Grade 2 student shared, "Much

“

Championing Future Growers in the Kikino Metis Settlement is about preserving Metis cultural heritage, reclaiming food sovereignty, and fostering sustainable practices that ensure resilience, health, and self-sufficiency for generations to come.

*- Laurie Thompson, Principal,
Kikino School*

of our Indigenous knowledge that connects to our land, including gardening, has been lost. This project will help me and the garden leaders to reconnect with our ancestors so we can once again grow our own food in a good way.”

The success of Future Growers is a testament to the incredible people who bring it to life. In Kikino, we are inspired by the dedication

of educators like Principal Laurie Thompson, who sees the broader impact. “Championing Future Growers in the Kikino Metis Settlement is about preserving Metis cultural heritage, reclaiming food sovereignty, and fostering sustainable practices that ensure resilience, health, and self-sufficiency for generations to come.”

At President’s Choice Children’s Charity,

we believe that every child deserves the opportunity to live a healthy and fulfilling life. Future Growers is a powerful example of how we are working to make that vision a reality. We are incredibly proud of the progress we have made, and we are excited to continue growing this program and expanding its reach in the years to come. Together, we can cultivate a future of food sovereignty and empower the next generation to thrive.

Staff and students at Kikino School in front of their new Future Growers container farm.

Hearts in Action: How Volunteers Help Fuel Our Mission

Across the country, volunteers show up with heart and hands ready to help—making a meaningful impact at events that support President's Choice Children's Charity all year long. Whether flipping pancakes at schools running Power Full Kids™ programs, or lending their time and energy at our many fundraising events, these dedicated colleagues are always there to make the day brighter.

Their support goes beyond just showing up. It's about connecting with communities, creating moments of joy, and helping ensure that every child has access to the food they need to thrive. Thanks to their time, passion, and commitment, we're able to turn events into experiences that nourish bodies and spirits.

Together, we're not just raising funds. We're building a movement of care and compassion. And it wouldn't be possible without the incredible volunteers behind it all.

Thank you to Loblaw Companies Limited and its customers, colleagues, and vendors!

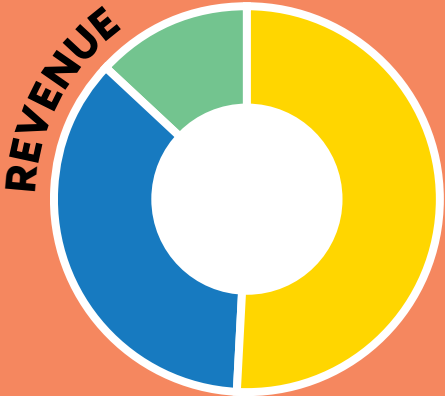

Loblaw has a responsibility to make a positive impact in the communities they serve. That view is central to the company's purpose – helping Canadians Live Life Well®.

In 2018, Loblaw committed to raise and donate \$150 million by 2027, to support the Charity's mission to remove hunger as a barrier to education for Canadian students and empower them with the skills to grow and cook. Since making this commitment, they have activated their network of stores, vendors, colleagues, and customers to contribute more than \$134 million. In 2024 they continued to demonstrate their support with the second annual Get to Give Days campaign, which resulted in a \$2 million corporate donation made to President's Choice Children's Charity. This support has helped us reach more than 997,000 students nationwide in pursuit of our goal to feed one million children annually by 2025.

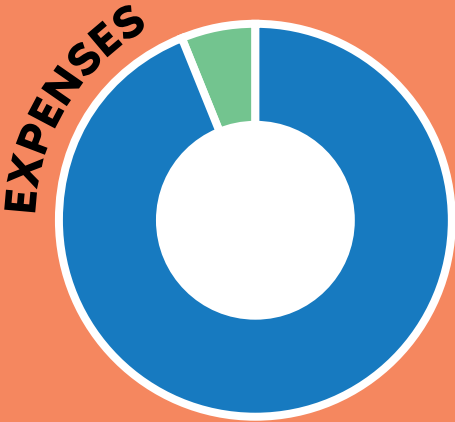

Additionally, Loblaw covers the cost of the charity's administration and operations with an annual donation, ensuring that 100% of every personal gift feeds kids!
